Hi Janine:

Do I owe you any comments on the files that have been submitted?? These have come real fast lately, and Tito asked me yesterday to get with you to see if we are current on getting responses back to R3 (except for the radiological data). I had previously sent you some comments on the Dimock Draft Q&A that you sent to Kelley. Did you get those comments?

Kelley and Dawn,  
Attached are comments on the Q&As and well data. I just saw Gerald Heston's write-up on Manganese that may supercede some of my comments.
